

Doctor's Hospice of Idaho

You have the right to choose your hospice provider....

Before making your decision, please consider the following questions to ask of the hospice agencies?

Do you have a physician?

Do they make house calls?

May I keep my regular physician?

Do you utilize volunteers?

Do you provide transportation?

Do you have a grief and bereavement program?

Do you accept my Medicare or my Insurance plan?

What is your nursing to patient ratio?

Are you available 24/7?

WE HONOR VETERANS

*The Best Care By the Best People,
Wherever You Need It*

Doctor's Hospice of Idaho patients benefit from a team of caregivers who help the patient choose the care they want. Family members are involved in patient care and decision-making. The hospice team supports both patients and families so that the patient's choices are honored.

The hospice team provides care in the comfort of the patient's home, nursing home or assisted living center. At Doctor's Hospice our focus is also on celebrating the life of the patient and making every moment and every memory more valuable.

*The Best Care By the Best People,
Wherever You Need It*

*Servicing Hospice Patients and their families
throughout the Treasure Valley*

Our Hospice Team Includes:

Attending Physician:

Co-certifies prognosis, directs, approves and coordinates the plan of care.

Medical Director:

Co-certifies prognosis, works with team in developing a plan of care, provides consultation to other physicians regarding hospice care. Our physicians can provide house calls, wherever the patient may reside.

Registered Nurse:

Assesses patient's physical needs, develops and coordinates the plan of care, ensures symptom control and management, provides patient/family teaching as needed.

Social Worker:

Assesses patient's and family's emotional and social needs, develops a plan of care, provides counseling, referrals, and support to meet identified needs.

Chaplain:

Assesses patient's and family's spiritual needs, develops a plan of care, provides counseling, assists with memorial preparations.

Home Health Aide:

Provides direct personal care to patient, emotional support to patient and family, reports identified needs to R.N. Case Manager

Volunteers:

Provides respite and needed non-medical services for patients and their families, offers support for patients and their families, offers support at time of death and during bereavement.

Bereavement Coordinator:

Offers grief and bereavement counseling through individual and group programs prior to and after patient's death, maintains regular contact with the family for up to thirteen months after death of the patient.

*Contact us any time day or night,
